

## Existing Landcare Groups

**Boundary Road Reserve Landcare** is the largest Landcare group in the area and focus on a large patch of Grassy Box Gum Woodland in Bathurst. The group actively manages the reserve, including weed management and enhancement of the bushland.

**Napolean Reef Landcare** work in a patch of bush in the Hillview Estate at Napolean Reef. The group brings together a variety of environmental skills and knowledge to coordinate the management of the bush. In recent years they have been undertaking ecological burns, which have yielded great results in improving the quality of the bushland they manage.

**Orange Urban Landcare** is a sub-group of Central Tablelands Local Landcare. They focus on revegetating urban areas around the Orange with previous work being undertaken at Clem McFawn Place.

**Summer Hill Creekcare** works along Summer Hill Creek undertaking weeding, propogation, bird surveys, revegetation and riparian area management. They are a great bunch of knowledgeable people who are passionate about protecting the creekline and improving it for future generations.

## Other Community Environment Groups

### **Bathurst Community Climate Action Network (BCCAN)**

The Bathurst Community Climate Action Network, known as BCCAN, was established at its first meeting on 16th of April 2007 by members of the local community who were concerned by the impact of greenhouse gas emissions on the global climate. This group of individuals sought to provide solutions to one of the greatest challenges facing life on earth and we really appreciate their work in our community.

### **Blayney Eco Hub**

A community space for ecological education, demonstration, advocacy and spirituality.

**Facebook:** <https://www.facebook.com/p/Blayney-Eco-Hub-61556198753607/>

### **Environmentally Concerned Citizens of Orange (ECCO)**

ECCO is the Environmentally Concerned Citizens of Orange. ECCO is an environmental watchdog and a peak environmental lobby group for the community of Orange.

**Website:** <https://www.eccoorange.org.au/>

### **Greening Bathurst**

Greening Bathurst is a volunteer community organisation that supports and promotes an ecological world view applied locally to enable a resilient and sharing economy.

**Website:** <https://www.greeningbathurst.org.au/>

### **Orange Field Naturalists**

Fostering interest in, and enjoyment of, all aspects of natural history by means of field studies, informative presentations, and excursions.
